#### BUILDING PERMITS FOR AUGUST NOW EXCEED THAT FIGURE

Building permits have passed the \$500,000 mark for August already. Since yesterday morning permits to the amount of more than \$80,000 have been issued. These include the apartment court at 609 North Brand Boulevard, mentioned elsewhere, improvements to the Intermediate school building, a five-room residence and a garage for Saul Frank at 214 North Central avenue, \$5000; a five-room residence at 421 North Isabel for W. F. Martin, \$4000; a three-room residence for J. A. Wright at 122 South Maryland avenue, \$1500; a \$500 addition to the Seventh-day Adventist school building on North Isabel; and an addition to Louis L. Baker's store building, 1411 South San Fernando Road, \$500.

### Many Families Move

There have been the following new occupations of houses in Glendale, denoting removals from other locations in the city or from outside places, during the past two days: Z. B. Taylor to 403 Fairview; A. Hofmeister to 1150 North Columbus; C. E. Linn to 812 South Maryland avenue; Arthur Wells to 462 Burchett; J. W. York to 118½ North Cedar; H. R. Bowers to 311 West Harvard; L. Ferriola to 232 Dayton Court; Mark Russell to 1107 South Central avenue; E. T. Holmes to 426 Burchett; E. A. Fragioli to 439 West Elk avenue. The majority of these families have been forced to move because the places they were living in had been sold.

### Chobes Sell and Buy

Mr. and Mrs. L. W. Chobe have sold their residence property at 318 West Colorado and give possession next week. The purchaser is G. J. Gannon of Iowa. The Chobes will occupy the house on the thirty-acre Kratchey ranch in Scholl Canyon until they can build a fine home on a two and one-half acre tract near there which they bought of Mr. Smalley. They have been residents of Glendale seventeen years.

### Bandit Trial Postponed

The preliminary examination of Raphael Dalo, charged with the murder of Robert Norman and the wounding of H. E. Purrier in Burbank July 30 was set for yesterday but was postponed to September 10, on account of Purrier being too weak to appear as a witness. Domenico Gays, another of the bandits, who was captured and jailed at Clifton, Ariz., is still there awaiting extradition, there having been some delay in securing the papers from the governor of Arizona.

### Mme. Guerin to Speak

On next Tuesday evening, Mme. Guerin, who is speaking all over the United States in behalf of the French orphans of the late war, will speak in the American Legion Hall at 104-A North Brand Boulevard, to the Women's Auxiliary and any friends who care to come. Mme. Guerin is sent out by the French government for this work and speaks from her heart. Next month she is booked to speak at the National American Legion Convention in Cleveland, Ohio. At present she with her associates are speaking in and around Los Angeles. Tuesday evening, August 31, will be your only opportunity to hear her. Be on hand.

### SELLS CRYSTALS

#### ELECTRIC WASHERS FEATURED FOR SALE BY JEWEL ELECTRIC COMPANY

J. H. Wittmeyer of the Jewel Electric Company is making a special drive on the sale of Crystal Electric washers and has demonstrated this labor-saving machine to hundreds of delighted women. Mr. Wittmeyer says it is a pleasure for him and his salesmen to demonstrate the Crystal since it is so perfect and women are always pleased with it. When they see the Crystal at work and learn on what attractive terms a Crystal can be placed in the home, the sale is made. "It's a pleasure to sell a Crystal washer because that means another satisfied customer," said Mr. Wittmeyer.

### CHARGE FOR METERS

#### W. F. TOWER CONTENTS BUILDERS SHOULD NOT PAY FOR INSTALLING SERVICE

Editor Glendale Evening News: I am a firm believer in the value of good public officials, men and women who accept office for the one purpose of rendering conscientious service. This in general can be truthfully applied to Glendale officials, at least this is my candid opinion from observation during five years of residence here. But holding this view does not debar one from offering suggestions or making an honest criticism if occasion arises. I refer to Resolution No. 1117. This resolution requires that on and after August 19, 1920, a payment of \$22 shall be made before a new water meter is installed. Hitherto the city has installed service free. This charge has been justified or justification attempted on the ground that the new customers are coming so thick and fast that the city has not the funds available to furnish and install new meters and so expects the new customers to "lend a hand" and help (Continued on Page 2)

### Glendale Leads

As was shown in yesterday's 1920 census report, Glendale leads all cities of the state in California as to per cent of gain in population. As was previously published the population of Glendale, according to the 1910 census report was 2742 and the 1920 census report gives the population at 13,536, making an increase in population in ten years of 10,794, or 393 per cent of increase. Why not make a record of these very encouraging figures, and so far as possible make known to the world the real facts about Glendale's prosperity.

### Be Sure to Vote Aug. 31

Form the voting habit next Tuesday if you have not already formed it and get out to the polls and cast a ballot for your favorite candidates. One of the dangers facing our republic at present is the indifference shown by an intelligent class of citizens at elections. Politicians are sure to vote and sometimes it is not wise to leave the affairs of our government in the hands of professional politicians. Learn now where your polling place is next Tuesday, make a study of the sample ballot mailed to you by the county registrar.

### Disarming Kentucky

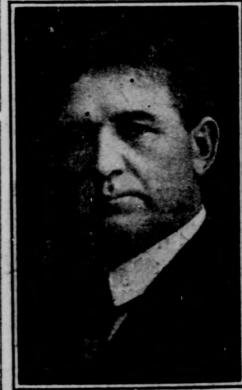

Life will never be what it was in "Ol' Kaintuck." Prohibition deprived the Blue Grass State of one of its traditions and now Governor Morrow threatens to rob it of another. He has declared war on pistol toters. Hereafter, he warns, persons convicted of carrying firearms concealed need not expect executive clemency. So in future Kentuckians must forego the distinction of being either "half shot" or fatally shot. Pretty soon Kentucky's sole claims to fame will be the proud possession of "Marse Henry" and its blooded stock.

### Baby Daughter

Mr. and Mrs. Edward R. Rohr of 631 Orange Grove avenue, are receiving congratulations on the birth of a baby daughter this morning at the Glendale Sanitarium.

### Coker's Platform

Harry P. Coker, aspirant for the office of Supervisor of the Fifth district, with his host of friends, is actively canvassing his territory, and, when interviewed, said: "I am meeting with wonderful support and among those who appreciate living in the great San Fernando Valley there is a unanimous expression that they have a local representative on the Board of Supervisors. They feel that they have been ignored too long, and that they are entitled to have their hundreds of miles of dirt roads repaired and kept in order. I travel these roads as much as anyone in this community and I do say that if I am elected I will do my very best for good roads."

### HARDING'S VIEWS ON LEAGUE

#### REPUBLICAN PRESIDENTIAL CANDIDATE FAVORS A WORLD COURT OF JUSTICE

(Special Service to Glendale Evening News)  
MARION, O., Aug. 28.—"The hope for world peace lies in putting teeth into the Hague tribunal, not the League of Nations, which has passed beyond the possibility of restoration," Senator Harding declared today addressing an Indiana delegation.

Harding came out for scrapping the League, which "has proved utterly impotent as a preventive of war. The League should be supplanted by a world association for conference.

Harding's speech, which was devoted exclusively to the League issue, was the result of many conferences with party leaders.

The candidate declared Governor Cox favored going into the League on the basis announced by President Wilson. "I am not, that is the whole difference between us," Harding declared. "It is a vital one because it involves a disparity between a world court of justice, supplemented by world association for conference, and the Council of the League of Nations."

Harding said the Hague tribunal is governed by definite principles of law administered without passion or prejudice, while the other is an association of diplomats and politicians, whose determinations are influenced by expediency and national selfishness.

### GIRL BANDIT ARRESTED

#### LEONA HAMMOND CONFESSES TO THIRTY HOLDUPS IN COMPANY WITH THREE MALE COMPANIONS

(Special Service to Glendale Evening News)  
LOS ANGELES, Aug. 28.—Leona Hammond, 23, was arrested with three male companions here today and confessed having perpetrated more than thirty holdups during the past few weeks. "I might as well come through," she told the officers, after her companions had confessed.

"I got a big kick out of the business, and went into it for the fun of the thing."

Complete confessions were also made by Clarence Hassan, 20, Joseph Griffin, 19, and H. A. Holt, 18, the police said.

The girl, who gave her occupation as a waitress, specialized in restaurant holdups, she admitted.

### STUDIES RUSSIAN NOTE

#### BRITAIN ENDEAVORS TO LEARN RUSSIAN INTENTIONS FROM REPLY TO ANGLO-ITALIAN DEMANDS

(Special Service to Glendale Evening News)  
LONDON, Aug. 28.—Interest centered here today on indications whether the Russian reply to the Anglo-Italian ultimatum had fulfilled the required terms.

The note was today being studied by the foreign office. A copy has been forwarded to Premier Lloyd George, at Lucerne.

Although the Russians withdrew their demands for the establishment of a civil militia by Poland, it was believed the note was intended as a studied insult to Britain and Italy.

### BRITTEN RENEWS CHARGES

#### REITERATES HIS STATEMENT THAT BRITISH ARE CONTRIBUTING TO DEMOCRATIC CAMPAIGN FUND

(Special Service to Glendale Evening News)  
CHICAGO, Aug. 28.—Representative Britten, of Illinois, today renewed his charges that the British were contributing to Democratic campaign funds. He said he would urge the Senate committee investigating campaign funds to take up this phase of the campaign in the inquiry on Monday.

### COX PROMISES FURTHER REVELATIONS

#### DEMOCRATS CHEER NOMINEE IN NEW YORK AS HE MAKES CHARGES AGAINST REPUBLICAN COMMITTEE

(Special Service to Glendale Evening News)  
NEW YORK, Aug. 28.—"We have not yet started in making revelations in connection with Republican finances," Governor James M. Cox, Democratic presidential candidate, declared today in a speech at a luncheon in a New York hotel.

Three thousand Democrats cheered the Ohio governor repeatedly during his speech. Cox declared the Republican party had appropriated former Secretary of the Treasury McAdoo's system of collecting Liberty Loan funds in their campaign collections.

Wm. G. McAdoo, introducing Cox, challenged the Republican national committee to make public the names of its campaign contributors "and the dummies back of the big contributors."

### TO PROTECT AMERICANS

#### SECRETARY DANIELS ORDERS ARMORED CRUISER TO DANZIG AT ONCE

WASHINGTON, Aug. 28.—Secretary Daniels has ordered Vice-Admiral Huse to proceed immediately to Danzig with the armored cruiser Pittsburg to offer protection to American refugees.

### FIRST NATIONAL

#### BANK TO MOVE ESCROW DEPARTMENT TO SECOND FLOOR OF BUILDING

The Escrow Department of the First National Bank, which is under the charge of Will Goss, will be moved to the second story of the building on September 1, occupying the rear half, leaving Drs. Boyer and Hogue where they now are. A collection department has been added and this will be in connection with the escrow business. Five people will be constantly employed on the second floor. A little later an elevator will be installed to connect first, second and third floors. Then the entire second floor will be occupied by the bank and the entire third floor by the two doctors named.

Mr. Cooper, president of the bank, says that the records of the institution show that its business has doubled in the past year. The escrow business has far more than quadrupled in that time.

### Newcomers to City

Among new and prospective residents of Glendale may be noted the following: Alexander Dravrier of Detroit, will take possession September 1 of property he has purchased at 900 East Acacia avenue; Ed Roberts, of Detroit, has purchased a home on West Windsor Road, near San Fernando Road; Mrs. Hoffe has purchased a home at the corner of Palmer and Glendale avenues and will take possession after September 15; E. N. Davis, of Los Angeles, has purchased on West Windsor Road, near San Fernando Road; Mr. Bowman has purchased on Mariposa street, between Palmer and Cypress avenues. All the above sales were made by O. E. Von Oven.

### Hague-Johnston

John Milton Hague and Edith May Johnston were married last evening at the home of the bride's parents, 530 Oak street, Rev. W. E. Edmonds officiating. The ring ceremony was used. Only immediate relatives of bride and groom were present. Mr. Hague is one of the city mail carriers.

### Sample Ballots Out

Sample ballots for the primary election of August 31 were received in Glendale yesterday. Every voter should keep his or hers so as to know their polling places. At every general election The Evening News and the City Hall are besieged with inquiries from people who do not know where they are to vote. The little slip accompanying the ballot gives the precinct number of the voter and the location of his polling place.

### 90 PCT. FOR DODGE

#### 200 CITIZENS OF SAN FERNANDO LISTEN TO ADDRESS BY SUPERVISOR

To the Editor, Glendale Evening News, Glendale, Calif.,

Dear Sir: It was my very great pleasure to listen to one of the most interesting and instructive addresses that it has been my good fortune to hear, delivered at the high school auditorium at San Fernando last night.

The address was delivered by Jonathan S. Dodge, chairman of the Board of Supervisors and dealt with the little known activities of this great county.

Although I have been interested in county affairs for twenty years, I learned many things that I had never known.

Mr. Dodge is a modest man, and really our people do not appreciate the splendid ability of the man. As an orator he certainly opened the minds of the people of San Fernando, and while there were many in that city that felt inclined to censure the board, I came away from the meeting confident in my own mind that when the votes are counted on Tuesday, Chairman Dodge will receive 90 per cent of all votes cast.

There were probably 200 people present at the meeting, and every one went away feeling proud of our county and especially proud of the splendid work that is being done by our present Board of Supervisors.

Respectfully,  
FRED W. PRINCE,  
San Fernando, Cal., Aug. 27, 1920.

### VISIT SEQUOIA

#### H. M. BUTTS, WIFE AND YOUNGER SON SPEND TWO WEEKS AMONG BIG TREES

On Friday, August 13, at 5:30 a. m., H. M. Butts and wife and son, Horatio, started on a vacation trip to Sequoia National Park, 253 miles away and at 7 o'clock that evening they were at their destination ready for a good night's rest. They went by way of the Ridge Route, passing through Bakersfield, Delano, Porterville and Exeter. They spent the first night just inside the park, but the next day they went on through the giant forest, past General Sherman, thirty-nine feet in diameter, and went to Marble Fork, where they camped. Then with hikes and fishing they spent the days, forgetting all about the outside world. Horatio proved himself a born fisherman, getting the limit every day he chose to test his skill, though many tried day after day with no success at all. Rainbow and speckled trout were both very plentiful in Marble Fork, but so wary that it required care and patience to hook them. No one from Glendale was met during the entire stay of the Butts party. Deer were very plentiful and tame, (Continued on Page 3)

### Glendale Congratulated

Los Angeles, Cal., Aug. 27, 1920. Thomas W. Watson, Manager, Glendale, California:

Dear Mr. Watson: The Board of Supervisors of Los Angeles County, containing as it does almost one-third of the population of the State of California, extends its congratulations to the City of Glendale on its wonderful growth in population during the last ten years.

Although Los Angeles County contains thirty-seven incorporated cities, none of these communities shows as great an increase in population as the City of Glendale.

It is our wish that the future growth of the City of Glendale during the period before us may equal or surpass the period this passed.

Sincerely,  
(Signed) JONATHAN S. DODGE,  
Chairman, Board of Supervisors.

### LA FAYETTE DAY

#### WHY NOT MAKE HIS BIRTHDAY, SEPT. 6, A JOINT NATIONAL HOLIDAY

There is beautiful sentiment in the custom born of the war, and which seems likely to be continued, of celebrating American and French national holidays jointly in both countries. It is a fine token of friendship for America to observe Bastille Day, no less than for France to celebrate the day of our independence.

But there is one day in the celebration of which both nations can join unreservedly and wholeheartedly, with no deference to the other. September 6, anniversary of the birth of Lafayette and of the first battle of the Marne, is a natal day in the life of America as well as in that of France. Americans will always think of the immortal Lafayette more as their own than as a Frenchman who performed noble service for this country. And we know now, though on that fateful day in 1914 our interest was merely that of a curious spectator, that in the Valley of the Marne we as well as France were victorious when the Hun was stopped in his first drive on Paris.

In churches, schools and public places let us pay tribute to the man who with Washington paved the way to liberty for our country when the American Colonists were enmeshed in turmoil and revolution. Lafayette's devotion to our cause, his unceasing effort and personal sacrifice, are typical of the spirit of France today. Let us voice our appreciation of one of her most glorious sons.

As Lafayette's birthday falls on Labor Day this year, which is a happy coincidence for the thousands who hold his memory in grateful admiration, this year, above all others, there will be an opportunity for them to make a public demonstration of their gratitude and patriotism.

Mr. and Mrs. Mark Russell of 1007 South Central avenue, returned Friday from an extended visit to relatives and friends in Illinois and Michigan. The entire trip was most enjoyable, but Mr. and Mrs. Russell feel that Glendale is the place for them.

# Mother's Dream

—Plenty of Clean Clothes  
for the Whole Family

All through the years she has dreamed of the day which would bring an abundance of clean clothes for everyone in the family—plenty of rompers and shirts for the boys, and dainty things for the girls—with an ever ready supply of snow white linen for the table and bed rooms. The answer to mother's dream is the Crystal. The experience of thousands of American women proves what you may expect from the Crystal in your own home.

## RETURN WHITE

CHARLES H. TOLL ADVOCATES  
RE-ELECTION OF ASSEMBLY-  
MAN; GIVES REASONS

Editor of Glendale Evening News:  
Dear Sir—Previously formed plans prevented my active participation during the month of August in the campaign of John Robert White for re-election to the state Assembly from our district, but I am deeply interested in the successful outcome of this contest. The people of the district regardless of party alignment should be interested this year as never before for the reason that matters vital to Southern California will be up for determination and the South must be ably represented or we will lose out again.

The very basis of good public service is to retain in office men or women who have made good. Especially in legislative service is this desirable because of the increased usefulness of a returned member. In the organization of the Assembly, those members who have served before are given the choice in the formation of important committees and all stations of honor and preference are allotted to those having experience in the regime of the body. Hence, as between Mr. White and his opponents, if we could conceive of all other qualifications being equal, this one of previous service at this critical time would far outweigh all others—this without disparagement to any one opposing him.

Mr. White's service during last term was brilliantly successful. Praise and commendation of his ability to meet complex situations in a masterful manner are universal on the part of those who watched the course of the last session. The demand for his return came from all sides and from the North as well as the South.

And why should there be any question about his return? In fact why should there be any contest within his own party when such an acceptable public servant yields to the popular demand to serve again? Is it not due such a man to return him for service another term without any question? That is my idea of the obligation resting upon the voters of his district not only because it is Mr. White who in his personal qualifications is deserving of the honor, but because it is necessary to deal thus fairly with the man who has filled his official contract in order to make it inducive for good men and women to stand for election to office.

The two great outstanding matters of interest to the South to come before the next Assembly are: Reapportionment of Senatorial and Assembly districts in joint action of Senate and Assembly and the revision of the state constitution. These are real tasks calling for trained minds and demanding most of all experience in legislative service. In the proper handling of the reapportionment problem, the South has everything to gain if we send our trained and proven representatives.

The stake is a rich one, therefore can we afford to be remiss in the obligation resting upon us as voters of the district?

No matter what our feeling of neighborly interest in any other candidate may be, no matter how strong the inclination on the part of certain voters to favor a most worthy candidate on the sex basis, we are all challenged by the all important, yes, commanding, questions of, 1st: Duty to a faithful public servant, and, 2nd: Imperative need of returning an experienced member for the special service he can render the Southland.

Very cordially yours,  
CHARLES H. TOLL,  
Aug 19, 1920. Mono Lake, Cal.

## AMERICAN LEGION

GLENDALE DELEGATES AND VISITORS TO CONVENTION HAVE GOOD TIME

Capt. Dru Nicoles, Gordon Clayton and his mother, Mrs. George E. Clayton, Vincent Salmacia and wife, A. H. Jones, J. F. McBryde and wife and Smith McMullin and wife, attended the American Legion convention at San Diego this week. Mr. McBryde informed an Evening News reporter that nearly 1000 delegates were present from all over the state. He said Chairman Barrows proved himself a masterly presiding officer, smoothing out many difficulties and keeping down ill-feeling engendered at times by too enthusiastic advocates of certain measures. Glendale's delegation was honored by having some of its members appointed on various committees. There were some fine orators and many keen intellects among the delegates.

The people of San Diego entertained the visitors to their city very ably. On Monday evening a ball was given at the U. S. Grant Hotel which was so well attended that it was impossible for most of the guests to dance. On Tuesday evening there were many complimentary theater parties, some boxing contests and a fine band concert in the park. Wednesday night was devoted to a barbecue at Tia Juana and a survey of the amusements of the wicked Mexican city.

It was a very full four days for those who attended and all were glad to get back to regular hours again.

A self-made man hardly ever feels like boasting over the job.

## CHARGE FOR METERS

Continued from Page 1)  
the city finance a profitable and growing business. This is a fine solution for everyone concerned, except the new customer. He receives no extra consideration or rebate of any kind, but pays the usual rate for water the same as his neighbors all around him and pays for the meter besides. This charge may be legal, but on its face is not a fair proposition. Either the new customer should receive water without charge equal to the sum advanced for the meter or a sum sufficient to cover the cost of installing the meters be added to the budget and paid by the city. We are all proud of Glendale's growth and do not want to put on any unreasonable or unjust tax to discourage the building industry. Resolution No. 1117 should be repealed and the sooner the better.

## RE-ELECT HIM AT THE PRIMARIES!

Jonathan S. Dodge announces his candidacy for re-election as Supervisor of the Fifth District. Mr. Dodge bases his claims for re-election upon his record as a public official.

At the present time, the County of Los Angeles owns property valued at Seven million dollars, and has loaned out to the banks of the County on approved security more than Eight million dollars. In addition, the County has \$1,200,000.00 of surplus funds invested in Liberty Bonds and Treasury Certificates.

On entering office, the General Fund of the County was overdrawn \$2,521,678.46. The balance in the General Fund March 31st, 1920, was \$2,444,269.74, a net gain of almost Five million dollars. —Adv

### ORDINANCE NO. 395

AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF GLENDALE ON THE 28TH DAY OF SEPTEMBER, 1920, FOR THE PURPOSE OF ELECTING A BOARD OF FIFTEEN FREEHOLDERS TO FRAME A PROPOSED CHARTER FOR THE SAID CITY OF GLENDALE, ESTABLISHING ELECTION PRECINCTS FOR THE HOLDING OF SAID SPECIAL ELECTION AND DESIGNATING THE POLLING PLACES THEREIN.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE, DO ORDAIN AS FOLLOWS:

Section 1. That a special election is hereby called and the same shall be held in the City of Glendale, on the 28th day of September, 1920, for the purpose of electing a board of fifteen freeholders to draft and propose a charter for the said City of Glendale.

Section 2. That for the holding of said election, said City of Glendale is hereby districted and subdivided into eight (8) election precincts, which eight precincts shall be a consolidation of the precincts fixed and established by the Board of Supervisors of Los Angeles County, comprising the territory included in the corporate limits of the City of Glendale, to which precincts, as so formed by the Board of Supervisors of Los Angeles County, reference is hereby made for a more definite description thereof. Said consolidated precincts, for the purpose of holding this election, shall be known and numbered as consolidated election precincts Nos. 1 to 8 inclusive. The following are the boundaries and polling places of said consolidated election precincts:

CONSOLIDATED ELECTION PRECINCT NO. 1, Comprising County Precincts Nos. 1, 2 and 10. Voting place: No. 611 North Central Avenue. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 2, Comprising County Precincts Nos. 4, 5 and 7. Voting place: No. 115 West Harvard Street. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 3, Comprising County Precincts Nos. 6, 13 and 14. Voting place: No. 300 South Brand Boulevard. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 4, Comprising County Precincts Nos. 15 and 22. Voting place: No. 1321 East Colorado Street. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 5, Comprising County Precincts Nos. 3, 8 and 9. Voting place: North side of Wilson Avenue, East of Orange Street.

CONSOLIDATED ELECTION PRECINCT NO. 6, Comprising County Precincts Nos. 11, 12 and 21. Voting place: No. 801 East Wilson Avenue.

CONSOLIDATED ELECTION PRECINCT NO. 7, Comprising County

Precincts Nos. 16, 17 and 18. Voting place: No. 1021-A South Brand Boulevard.

CONSOLIDATED ELECTION PRECINCT NO. 8, Comprising County Precincts Nos. 19 and 20. Voting place: City Hall Building, Brand Boulevard and Los Feliz, Second Floor.

Section 3. All candidates for the election of the office of freeholder at said election shall be nominated in the manner provided by the general law for the nomination of candidates for municipal offices in said City of Glendale, and in all particulars not herein otherwise specified, said election shall be conducted in the same manner as provided by law for the holding of general elections in said City of Glendale.

Section 4. The City Clerk of the City of Glendale shall certify to the passage and adoption of this ordinance and its approval by the President of the Board of Trustees of said City and shall cause the same to be published once in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale, and thereupon and thereafter shall be in full force and effect.

Adopted and approved this 26th day of August, 1920.

HARTLEY SHAW,  
President of the Board of  
Trustees of the City of  
Glendale.

Attest:

J. C. SHERER,  
City Clerk, City of  
Glendale.

STATE OF CALIFORNIA )  
COUNTY OF LOS ANGELES ) SS.  
CITY OF GLENDALE )

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was passed and adopted at a regular meeting of the Board of Trustees held on the 26th day of August, 1920, and that the same was passed by the following vote:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.

Noes: None.

Absent: None.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Glendale this 26th day of August, 1920.

### SUE FOR FORTUNE

JOSEPH HAUN OF GLENDALE  
ONE OF SIX CHILDREN TRY-  
ING TO BREAK WILL

Frank Haun, a brother of Joseph Haun, well-known cement contractor of Glendale, has brought suit at Fremont, Neb., to recover his share of a fortune of \$200,000 left by his father, who died recently, and was joined in the suit by three brothers and two sisters. The fortune was left entirely to two of the eight children, six sons and two daughters, and the other six are fighting to get their shares. All of the children reside in Nebraska, with the exception of Joseph Haun, who has made his home in Glendale for the past two years.

The petition filed in court by Frank Haun, in the interests of himself and his brothers and sisters, accuses Henry and John Haun, the favored ones, with influencing the father against the rest of his children when he was making his will. This brother also declares that before his death his father, by contract, had given \$180,000 in cash and property to John and Henry Haun, leaving but \$20,000 for the rest of the family.

### VISIT SEQUOIA

(Continued from Page 1)

showing no fear of man, so well are they protected in the park. The start for home was made Thursday morning and a different route was taken, 425 miles in length. They went west through Visalia, Tulare and Wasco toward Paso Robles, but turned off before they got to the latter city on account of the road being so cut up by huge grain wagons hauled by six, eight and ten horses. A stop was made in San Luis Obispo to talk with friends, then the journey was again taken up. Santa Maria was the next stop and here they passed by the scene of a fire that morning in which a large garage, with all the contents, including twenty autos, had been consumed and two men fatally injured. Leaving Santa Maria at 9 o'clock they traveled all night, reaching Glendale at 4 a. m., Friday, having been gone just two weeks, lacking an hour and a half.

Mr. Butts says the Automobile Club of Southern California has done a wonderful work in sign posting all the roads, even very obscure ones, so that no one who is able to read can possibly get lost.

### Prosperous Cuba

Final and positive, though tardy, defeat of the sugar shortage propaganda allows popular interest to turn to elements of factors in the production of sugar to determine just why prices should be what they are. A writer for the National Geographical society gives some illuminating facts and describes a condition that may waken any possible dormant envy in the breast of the American farmer at the ease with which the Cuban sugar planter "gets away with it." The American consumer will need some time to satisfy himself through figures that with the crop doubled and the price on plantations more than quadrupled Cuban producers can be suffering from the economic slump claimed in their behalf. The consumer, unfamiliar with the technique of sugar growing, will be surprised to learn, for instance, that the pest problem is dispensed of for at least ten seasons through a single plant and that the plantation motive power—oxen—feeds largely from the stripped leaves of the plants year after year. This is what may excite the envy of the Yankee farmer whose crops require labor and cost of seed annually.

At the time of the Panama-Pacific exposition the planter received 2.62 cents per pound for his product, a rate that allowed the share planter, the "colono," from \$46 to \$51 per acre and the owner of the ground from \$56 to \$61 per acre. With present prices running from four to six times the price received for sugar at that time and labor cost virtually the same, the American consumer may easily estimate how the "poor sugar grower" fares as compared to the man who pays the bills. And the American farmer who feeds the nation and tries at times to feed the world has a basis of comparative profit-making that will add nothing to his good humor. Why shouldn't Cuba have become a land of luxury and riches?

### Personals

Mr. and Mrs. Robert R. Bartlett are spending the week at Catalina.

Mrs. E. S. McKee has returned from Hermosa Beach, where she enjoyed a two weeks' vacation.

T. A. Wright and wife have returned from a two weeks' outing in Long Beach.

S. N. Brown and family have moved from 1120 North Central avenue to 412 West Broadway.

Mr. and Mrs. R. E. Frey and children, of 443 Salem street, are leaving for Balboa Islands, where they will stay for two weeks.

C. E. West and family have moved from 1138 San Rafael avenue, to the new five-room residence just completed at 448 West Elk avenue.

C. Howard Paxton, a popular tenor singer who has recently located in Glendale, will sing at the Elks' barbecue tomorrow.

Stephen Packer, of the Packer and White Auto Company, has returned from a very pleasant ten days' vacation outing spent at Big Bear.

Mr. and Mrs. J. A. Wilkinson of Michigan, recently bought a home at 152 Dorothy Drive, and will move in today. They purchased the property through C. H. Henry, real estate agent.

Mrs. C. A. Salyer came out from Los Angeles yesterday to visit friends and to look further for a house to rent so she can settle in Glendale before school commences.

L. O. Kettredge, a S. P. machinist, moved out from Los Angeles with his family two weeks ago. They are living in a garage while building a five-room house at 559 West Colorado.

H. H. Wiebe and family have arrived in Glendale from Newton, Kan., and have purchased a home at 438 Burchett street, from M. E. Jones. Mr. Wiebe will be employed at the First National Bank.

H. W. Petty and wife, who recently sold their home at 1221 South Maryland avenue, gave possession yesterday, and moved to Western avenue, Los Angeles, to be close to Mr. Petty's work with the telephone company.

Phillip Henderson of 917 North Louise street, leaves Sunday morning for Balboa, where he will spend a few days with friends. On his return he and his father, G. W. Henderson, will go to Fawnskin, Big Bear, for a week's stay.

J. R. Ervey, who came here from Seattle, Wash., accompanied by his wife, to take charge of the Singer Sewing Machine department for the Glendale Music Co., has bought a place on Hawthorne, west of Columbus avenue, and will move in after fixing it up.

Those interested in the occult will be pleased to know that the lectures given this month by L. W. Rogers in the Masonic Temple are to be continued Sunday nights in the same place by Eugene W. Munson, a national lecturer for the Theosophical Society.

Miss Ann Morgan of Boston, Mass., has purchased a six-room bungalow at 1142 Campbell street, from Fred Abel of Arcadia. Miss Morgan, with her parents, Mr. and Mrs. T. J. Morgan, will take possession at once. The deal was made through the James Pearson agency.

Mr. and Mrs. John Medland of Winnipeg, Can., have arrived in Glendale, and will spend the winter at the home of Mrs. L. B. Rambeau and mother of 122 West Lomita avenue. Mr. Medland is engaged as special artist for Fox productions. The couple state that they prefer Glendale to any of the other Los Angeles suburban towns, and may make their home here.

Monroe Walters of the Cohn & Goldwater Company of Los Angeles, was a business visitor in Glendale yesterday. He states that Cohn & Goldwater have several shirt and underwear factories in Los Angeles, and are contemplating erecting several more in suburban cities. The company has Glendale in view as one of the cities best suited for a prospective factory.

R. G. Cate of 1255 South Glendale avenue, has been a resident of Tropic, now South Glendale, for ten years and while he owns to a decided affection for the old section, he is branching out by building a fine residence on West Doran street, which he will move into if he sells the home on Glendale avenue. Mr. Cate owns other lots in the Kenilworth tract, which he may build on.

Stafford Harlow, secretary and manager of the Glendale branch of the Automobile Club of Southern California, is having the front and side windows of his office at 246 South Brand decorated with large gold-lettered signs, so it can be easily found by inquiring motorists. Mr. Harlow is proving himself a very courteous and accommodating representative of the Auto Club and his headquarters is a great convenience to residents as well as visiting auto owners.

## LORD ROSEBERY

a wealthy man, is said to have declared that the only real benefit that came from wealth—the only real difference it made between man and man—was the knowledge and comfort it gave its possessor that he could provide adequately for the present and future of his dependents.

The man, then, who is living comfortably and who knows that his family has an immediate estate of Life Insurance if anything should happen to him, need not envy the lot of the very rich, or harbor discontent because wealth awaits him, if at all, only at the end of "the long, long trail." It is possible for him to have everything of real value that comes to ANY man.

Simon Chase has returned home from a visit with his son Frank at Potrero.

The family of J. Todd McClammy moved yesterday from 410 West Colorado street to 320 Cameron Place.

A. L. Lathrop and family have moved from 329 East Dryden street to Lexington avenue, Los Angeles.

Mrs. Ruby Smart of 110 Olive street, has returned home from a two weeks' visit in Los Angeles with relatives and friends.

Mr. and Mrs. Charles H. Toll and family who have been enjoying an outing at Mono Lake, will return in time to vote at the primaries Tuesday.

Mrs. Frank M. Head and Mrs. Mabel Franklin Ocker were guests yesterday of Mrs. Blake Franklin and daughter, Isabel, at a luncheon given at the California Club, Los Angeles.

Rev. C. A. Cole, his brother, John, and his father, B. O. Cole of Boyle Heights, returned home last evening from a trip to Sequoia National Park, where they camped out, fished and hiked to their hearts' content.

An airplane circled over Glendale for half an hour or more this morning, dropping advertising matter regarding flights from L. C. Brand's flying field, in the Grand View district.

About forty violators of the traffic ordinance appeared before Judge F. H. Lowe yesterday and almost 100 are cited to appear next Friday, September 3. The business of the Recorder's court is becoming so heavy that Judge Lowe is seriously considering an application for an assistant.

Miss Marion Clark of Kearney, Neb., is spending the winter with her aunt, Mrs. J. R. Baker of 331 North Maryland avenue. Miss Clark expects to attend Occidental College and will make her home with the Bakers. Miss Phyllis Baker, daughter of Mrs. J. R. Baker, will also enter Occidental College at the same time.

Babcock & Weeks of Hollywood took out five permits yesterday and this morning. They were for two sixteen-room apartment houses and one eight-room apartment house to be located at 609 North Brand, \$8000 each for the first two and \$4000 for the last; a five-room house and a garage at 731 North Maryland avenue, and the same at 730 North Maryland avenue, \$5000 each.

## GRASP HIS HAND

THE BUILDER OF HOUSES IN GLENDALE DESERVES CONGRATULATION

The man who is building new houses in Glendale should be taken by the hand and congratulated. He is a public benefactor to our community. It may be said that he is in the business of building for making money for himself, but it is only right that he should get a fair compensation for his labors, and there has never been a time that houses are so badly needed as at present. The man who has money lying idle, or even on interest, if he can get control of it he should, for the good of his community, invest it safely in the construction of buildings. The time has come when the need of more houses in Glendale is a very important question and is almost taking a serious turn. As the winter season comes on, although Southern California has a very moderate climate, yet it is necessary that every person get under shelter in some form, and the only protection that can be afforded in Glendale is to have more houses to accommodate those seeking such shelter.

### Purchase Home

R. G. Bolser, wife and little son, are now located in the recently purchased home at 465 Vine street. They came here from Detroit, Mich., where Mr. Bolser was one of the 60,000 employees of the Ford Motor Co. He has been working every day since he came and the family are very much pleased with Glendale as a place of residence. They are keeping in touch with their surroundings and with the many activities of the city by reading The Evening News regularly.

### Build Houses

From early in the morning until late at night men and women are constantly calling at The Evening News office to see if they can get any information concerning houses to rent. It is the opinion of the writer that 200 additional houses in Glendale would be taken for occupancy at once if they were available.

### Suffrage Cannot Lose

Whatever the outcome of the proceedings initiated in Tennessee courts to restrain the governor and state officials from proclaiming ratification of suffrage, suffrage leaders have no fear that the ballot will be withheld from women in November. Should the decision be adverse and it is promptly appealed to the United States Supreme Court, as it would be, and expedited before that tribunal, there is hardly a doubt that in the light of the court's ruling on the Ohio cases the Tennessee contention would be overruled and ratification approved.

The point at issue is practically the same as in Ohio. There it was contended that ratification of the suffrage and prohibition amendments was incomplete without submission to a referendum under the state constitution. The Supreme Court held that the federal constitution prescribed the manner of ratification by the legislatures, or by convention, but made no requirement for a referendum after ratification by a legislature.

The Tennessee argument is that the state constitution requires that no amendments shall be ratified except by a legislature elected on that issue. The federal constitution makes no qualifications, and unless the United States Supreme Court discovers a greater distinction than is visible at this time, there can be practically no question that the Ohio decision will govern the present proceedings in Tennessee if appealed.

The proper course will be to go ahead as though ratification was effected, making every preparation, through assessment and registration, to permit the women to vote in November. There is no reason why, if the Tennessee court grants the injunction, the appeal should not be made, argued and decided before election day. Should the federal court by any chance decide against suffrage on the point raised, the country can better afford to lose the money spent in preparing to qualify the women as voters than to deprive them of that right through failure to be ready if the decision, as it is believed to be practically certain, upholds the ratification by Tennessee.

### What Will Russia Do?

It will be interesting to watch developments in Russia during the next few weeks. It is not entirely improbable that far-reaching results at home will follow the defeat of the Red armies in Russia. It would not be the first time that military defeat ended in a thorough accounting at home. Russia would appear to be about ripe for a housecleaning.

The man who tells the doctor that his trouble comes from overwork does not deceive the latter any more than he deceives himself.

## Invisible Dirt

Men and women were satisfied a few years ago if a thing merely looked clean. In the best hospitals of Civil War times infection flourished yet linen and bandages seemed immaculate.

In the Glendale Laundry we take into account the principle that while apparel may appear spotless it may be invisibly impure and your garments are sterilized as well as washed. Isn't this health protection worth considering when you are deciding where to send the family laundry?

### France Is Coming Back

Statistics covering imports and exports for the first seven months of this year, compared with operations in the like period of 1919, indicate the progress France is making toward restoration of her industries.

Total imports from January to August, 1920, were valued at 21,760,000,000 francs, an increase of 2,738,000,000, while exports increased 7,230,000,000 to 12,006,000,000 francs. The balance still runs heavily against France, but it is being rapidly cut down. In the first

seven months of this year it was 4,595,000,000 francs less than in the like period a year ago.

With so much accomplished in the short and greatly disturbed period since the armistice, there is solid ground for optimism in France as to the future.

### "UNCLE SAM" ---

"During the year 1919 compiled detailed record of the maintenance expenses of several leading makes of cars. In the case of eighteen Fords the average cost of operation was 7.7 cents per mile. Six Dodge cars showed an average expense of 8.6 cents per mile. Four Buicks gave a rate of 9 cents; two Overlands, 9.6 cents; two Reos, 10 cents; four Studebakers, 10.3 cents, and one Paige, 8 cents. The figures given included the expense of ordinary repairs, tires, gas, oil, etc., but did not include interest, taxes, depreciation or licenses. If, to the above mileage costs, were added the rate per mile for the items of depreciation, license, taxes, insurance and interest (all of which are legitimate items in the maintenance of an automobile) the cost per mile would be increased by at least 2 cents."

QUARTERS IN L. A.

Motor car owners of the southern part of the state are going to have the finest executive headquarters for an automobile club in America, according to an announcement made yesterday.

Extensive growth of the Automobile Club of Southern California has necessitated the building of larger offices for the housing of the headquarters of the various departments, and sufficient ground space has been secured in Los Angeles for this purpose.

According to the present plans, the new building will have ample room for the various departments, but no attempt is to be made to provide recreation headquarters for members,

### THE UNIVERSAL CAR

The Ford Sedan with electric starting and lighting system, demountable rims with 3½-inch tires and tire carrier, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered. Plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is ideal for social functions, the theatre, or parties; carrying the children to school, or for touring. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and yet with all it has the Ford merits of strength and durability. We solicit your order for one. Come in and see it. Leave your order with any of the dealers listed below:

as the directors believe that the activity of the organization should be directed into other and more utilitarian channels.

Improvements in each of the branch offices are also scheduled in order to adequately handle the tremendous volume of business daily undertaken by the club. The new executive offices will be located at Figueroa and Adams streets in Los Angeles.

## TIRE PRICES

REDUCTION IS NOT PROBABLE  
AS COSTS ARE LOWER NOW  
THAN TEN YEARS AGO

Car owners who are holding back on the purchase of tire equipment in the hope of a reduction in prices are likely to be disappointed. There is nothing in the tire manufacturing situation to indicate a downward trend of tire cost.

On the contrary, a "break" that will necessarily mean the advancing of prices seems inevitable.

Unless one studies carefully the underlying reasons for the successful checking of tire prices in the face of overwhelming advances in virtually every other commodity, it is rather amazing to note that prices are now much lower than they were ten years ago. It is still more interesting to compare prices of standard manufacture tires today with prices of the same product at the beginning of the war. Good tires now cost no more than in 1914. There has not even been an appreciable advance in the last two years. And yet the quality is higher and the purchaser gets more value for his money than ever before.

When one considers that prices of raw material, labor and transportation have made more tremendous leaps in the last five years than during any period in manufacturing history the natural query concerning the manufacturers is, "How do they hold down the prices?"

And from this question comes the

## "DOUG" RHODES HAS SON

Motorists throughout the United States who know of the sign-posting efforts of the Automobile Club of Southern California, in many instances know also of "Doug" Rhodes, head of the club's sign-posting department, whose efforts in their behalf have been untiring.

Now "Doug" announces that there is another little "good rhodes" booster arrived in the world, for "Doug" is a proud father. His son is named Charles Standish Rhodes, and if he follows in the footsteps of his dad, motorists will have cause for rejoicing, being sure of well-marked highways wherever they travel.

Young Rhodes weighed seven and one-half pounds upon arrival, too.

answer to another, "Will the prices go down?"

It does not appear that a decrease is likely.

Manufacturing genius, which has about reached its limit has kept down the cost to the tire user. The standard manufacturer has combated price increases by developing his processes. He has expended millions of dollars in the installment of new machinery, better machinery and new methods. He has brought his output up to maximum and has made his profits on a quantity margin. He has smashed overhead expenses by use of these weapons and by putting his distribution on such a broad basis as to make it economical.

Output has about reached its zenith. So long as demand continues strong there is a possibility that tire prices will remain on their present level. But if a general determination to "hold out" should spread among car owners it is more than probable that such an attitude would tend to create a reverse effect to the one desired and send tire prices rocketing.

A table prepared by a leading tire manufacturing concern shows the cost of a 30x3 tire in 1910 as \$27.60, tube \$5.65; in 1920, tire \$18.75; tube, \$3.15. Other sizes of tires and tubes show a proportionate decrease in price in the past ten years.

It is a policy of the manufacturing and distributing organization behind the Gardner not to make exorbitant claims concerning its economy of operation. Gasoline consumption, tire mileage and other items of upkeep are varying quantities. It is unfair to expect any car to live up to false promises.

However, after nearly fifty years of successful manufacturing experience, the makers of the Gardner car are content to let it "speak for itself."

## FORD AS INCUBATOR

YOUNG COUPLE FIND THAT SEDAN KEEPS BABY WARM AND COMFORTABLE

When is a Ford not a Ford? When it's an incubator. This not an Orpheum joke, but an actual happening. We are unable to disclose the names of the young people who first used their Ford sedan in this capacity—this by special request; still we have seen the prodigy and after seeing what a healthy baby she has turned out to be (for it is a girl) we honor the Ford sedan the more for its part as the incubator. And hereby hangs the story.

A seven months baby was born to this particular couple and naturally the baby was delicate and needed constant care and was a great source of worry to the parents. They were unable to go anywhere as the baby had to be kept at the same temperature all the time during the first few months of her life. These newly-weds being young and full of energy, wanted some sort of entertainment, but of course, could not leave their baby, nor would they trust her with anybody.

Finally Hubby had a brilliant idea, if it would only work, and that was to close their sedan tight, but let the engine turn over just enough to keep going, yet keep the inside of

the sedan at a nice temperature. Of course, they were not sure this would work, so the only way was to try it by hanging a thermometer in the sedan to find out if it would really stay at the even temperature their baby required and be perfectly safe for her to remain inside the sedan while they visited of picnic.

And the Ford sedan did keep even temperature and could be depended upon for any warmth desired simply by making the motor turn over faster or slower and at that time on the newlyweds were to have their weekly trips to beach or to the mountains, always taking baby with them making warm and comfortable inside. Never a thought but that inside the sedan there would be exactly the temperature they desired.

Now those dangerous days over for the young lady and we happy to report that baby is healthy, strong and vigorous as youngster could be desired to.

"This probably is the most useful use a Ford sedan has ever been put to," said I. B. Groves, assistant manager of the Los Angeles branch of the Ford Motor Car Company. "If so, we would like to hear of other owners."

It is suggested that work cure must of the unrest, but why trying to be cured of unrest?

### COLLEGES' INCAPACITY

Although gratifying as an index to the interest that is taken in higher education, reports coming from colleges and professional schools everywhere that applications for admission are being received from far more persons than can be accommodated are disturbing as a disclosure of the institutions' incapacity. The rush of prospective students to matriculate is bewildering. Their number exceeds all calculations, and appears to be at least partly due to other causes than increase in population and the demobilization of the army.

One suggestion is that the interest in learning is the manifestation of a reaction from the mental distraction produced by the war. On the other hand, the struggle served to arouse thousands from lethargy and kindled ambition in youths who were content, prior to our entry into the conflict, to live humdrum lives. It is noticeable that institutions in which instruction is given in the learned professions are among those which are compelled to turn away the most applicants.

Is it so greatly in the interest of the public welfare that all who desire higher education should be afforded an opportunity to get it that not only the colleges but the people generally have cause for concern over the situation. Rather than deny any considerable body of young men and young women the chance that they ask, recourse should be had to what under other circumstances might be undesirable expedients. If lack of space is the principal cause of the difficulty, let frame structures of the kind thrown up so quickly by the war department for the accommodation of recruits a couple of years ago be erected on the campus; they should suffice until more substantial and permanent structures can be built. If there is a lack of instructors, let small classes be combined into large ones.

If earnest attention is given to the situation by the colleges and universities there is no reason why any eligible youth who wants to enter this autumn should be deprived of the chance.

out, scarred, but sound. Ever since shortly after the dawn of history there have been anarchists and reactionaries and profiteers and greedy fellows of every type, in every walk of life. They are forgotten now, as the trouble-makers of today will be forgotten in another century. Man remembers long only those who serve him well.

There is no need for men to shake their heads, despairingly, in fear that civilization and organized government are bound for destruction. Nations have been overthrown before now, and empires have expired, but mankind kept on, developing, thru the centuries, his knowledge and faith and power. We shall come through this storm somehow, and be the better for the experience.

### PESSIMISM OUT OF PLACE

The pessimist we always have with us. On every hand, in every age, are men who delight to drag a soapbox out into the streets of the world and cry out to all who will listen that mankind is on the highway to perdition. Sooner or later they are run down by traffic in which gruesome fate they find complete vindication for their theories.

Beyond dispute the world is as gravely troubled today as ever in its long and laborious history. But what is important to note is that it has been troubled gravely before. And it has always come

## GAS FRANCHISE

### NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing,

specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil be carried by

the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 30th day of September, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand (\$1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

## RETURN WOOLWINE

COLONEL THORNTON SAYS WE SHOULD KEEP PRESENT DISTRICT ATTORNEY

Glendale Evening News: District Attorney Thomas Lee Woolwine is a candidate for re-election. He has discharged the duties of that office conscientiously and fearlessly and with signal ability.

Faithful and efficient public officers should be retained in the public service. The public safety demands his re-election. I therefore, would urge that you go to the polls without fail, and vote for him, and do everything in your power to influence your friends to do likewise, as the primary on August 31 is final as to this office, there being only two candidates in the field.

When the public has an official that is both honest and fearless we ought to keep him.

Very truly yours,  
TOM C. THORNTON.

### CHRISTIAN CHURCH

All services at the usual hours tomorrow. The minister, Clifford A. Cole, will speak. The Bible School will observe Ohio Day with appropriate decorations and program. Sermon topics, morning: "Knowing and Not Doing"; evening, "Pictures of the Kingdom of Heaven." A welcome will be extended to all.

## Dr. Jessie A. RUSSELL

### Republican Candidate for Assembly, 61st Dist.

Primary Election Tuesday, August 31st. Polls open from 6 a. m. to 7 p. m.

#### Dr. Russell is Endorsed by:

The Anti-Saloon League, The Clean Government League of California and numerous other organizations standing for the best in the city, state and nation.

And Prominent Officials and Members of the Chambers of Commerce in the District.

Farm Bureaus.  
Citrus Associations.

Water Boards.  
Irrigation and Reclamation Committees.  
Federated Brotherhoods of Various Churches.  
W. C. T. U.  
Parent-Teacher Organizations.  
Women's Clubs.  
And Professional and Business Men and Women.

Dr. Russell has been a resident of Glendale for the past twelve years and has always taken a leading part in all matters of civic advancement.

Because of her experience in state work, Dr. Russell is thoroughly conversant with the various points of duplication and unnecessary expense in different state departments and consequently knows where and when economy could be accomplished. Promises by incumbents or others to reduce expenses are of no value unless they possess that practical knowledge and experience.

What the people want is accomplishment and NOT promises.

Dr. Russell is NOT endorsed by the Association for the Betterment of Public Service, because she would not accept

its policies, nor its pledge. The Association is opposed to the following welfare measures according to its own literature:

First—Abolition of Child Labor and Compulsory Education of all children from six to sixteen years.

Second—Eight Hour Law and Forty-four Hour Week and a Weekly Day of Rest.

Third—Abolition of Night Work for Women and Minors.

Fourth—The establishment of Minimum Wage in every state, etc.

Fifth—Equal Work and Wages Based on Occupations, Not on Sex.

Sixth—The Right of All Workers to Organize and Bargain Collectively Through Their Chosen Representative.

Seventh—The Establishment of State and Federal Em-

ployment System and the Establishment on a Permanent Basis of Women's Industrial Service in the United States Department of Labor.

Representing no one group of citizens, Dr. Jessie A. Russell is a candidate of the people, and for the people; if elected she will, by her vote in the Legislature:

Protect Your Home.  
Protect Your Family.  
Protect Your Community.  
Protect Your Business.

Among those endorsing Dr. Russell's candidacy are men in all lines of business, all professions and all church and fraternal organizations, and women, representing all lines of activity, which demonstrates the strong support given her.

Quite a lot of the world's time is lost by so many persons trying to realize something on their after thoughts.

One almost envies the man who can go fishing and forget all about politics and the troubles of Europe.

There has been no decrease in the output of stumbling blocks.

## IF YOU CAN AFFORD IT

it's dandy fine to ramble around in your automobile; to sniff the fumes of the gas and rub off the rubber on the highways, even if the experts say it costs about 8c a mile for Henry and 11 to 14c a mile for the other kinds. BUT CAN YOU AFFORD IT?

You CAN Afford

to take interesting little journeys to places of pleasure as well as trips for your business needs at about a cent a mile for daily travel and less than 3 cents for your occasional trip over lines of this railway.

and that's not all:

We carry the risk and the worry, that you assume when you use your machine.
